MiniShere

ERGONOMICALLY DESIGNED
HAND-HELD CUTTING MACHINES

MiniShere (top)
Air MiniShere (bottom)

The most reliable, versatile and lightweight tool for the cutting room, featuring:

- ◆ **5/16 inch capacity:** 2 inch blade cuts all types of material from Cotton to Kevlar
- ◆ **Recessed Sharpener:** Protects stone and provides unobstructed view of cutting line
- ◆ **Built-in Lubricator:** For cutting special materials like vinyl or coated fabrics
- ◆ **3-in-1 Cutting Guide:** Baseplate converts easily for slitting/trimming plastics or knits

Choose From 3 Models

MiniShere: Fast and powerful, 2400 RPM, 120V or 220V electric-motor, double insulated for safety and convenience, 1.75 lbs.
